The Institution of Engineers (India) - Kuwait Chapter

The chapter, in every member's pocket

Demo script: three journeys
1. Existing member 2. New member application 3. Guest

All values in this document are sample values taken from the client's prototype review deck (34 screens, iPhone and Android). They are DEV DATA for the demo and are not real client data.

1. What this demo shows

The demo walks the client through the app as three different people. Each journey uses the screens that are already built in the mobile app and only the sample values listed on the next page.

Journey	Who	Real-life goal
1. Existing member	Eng. Karthikeyan Manickam (sample member, ID IEI0005)	Sign in, link his chapter record, RSVP to Engineers' Day, renew the KD 20 subscription, and see it confirmed by the Treasurer.
2. New member application	**Anonymous Applicant** (no name)	A engineer who is not yet a member applies. The General Secretary reviews, the Chairman gives final approval, then it goes to IEI Kolkata.
3. Guest	**Anonymous Guest** (no account)	Browse events without joining, RSVP to an open event, and decide to apply for membership.

The two anonymous users. The Guest needs no account: the Sign in screen has "Browse as a guest". The Applicant has no member record: the Sign in screen has "Not a member yet? Apply for membership". Neither person is given a name, phone number or email in the demo.

How each step is marked

Mark	Meaning
UI	Works in the app today as a screen with sample data.
Needs backend	Needs the server to really work (real sign-in, saving, uploads, notifications, approvals). In the demo, show the prepared screen and say it is the prototype.
CLARIFICATION NEEDED	The client's prototype does not show this. Do not invent it in the demo. Ask the question.

2. Mock data used in the demo

Only values that appear in the client prototype. Source slide numbers refer to IEI_Mobile_App_1.pdf.

A. Member journey: Eng. Karthikeyan Manickam

Item	Value	Slide
Member ID / Registered mobile	IEI0005 / 99840191	5
Matched message	Matched: Eng. Karthikeyan Manickam - MIE - Civil - member since 2011	5
Home header	MIE (Grade, Civil) - 15 years a member - 4 events '26	6
Dues band	Subscription due: KD 20 - paid up to [31 Mar 2026] (brackets are in the prototype)	6
Next event	59th Engineers' Day - 15 SEP - 18:30 - Kuwait Society of Engineers	6, 4
RSVP choices	Just me / +1 / +2 / +3 (demo picks +1)	4
Card	Member ID IEI0005 - IEI India no. M-1483721 - MIE - Civil Engineering - blood group O+	4, 10
Renewal	KD 20 - Subscription 1 Apr 2026 to 31 Mar 2027 - Bank transfer - receipt attached	4, 10
Chapter account	Beneficiary: IEI Kuwait Chapter - IBAN and reference shown as placeholders in the prototype	4
With the Treasurer	Submitted 3 Sep 2026, 21:14 - Bank transfer - Awaiting confirmation	10
Treasurer	Engr. Sudhir Shyam Menghani (the only role that can confirm a receipt)	10, 2
Confirmation notice	Receipt confirmed: Treasurer entered receipt no. 480, Book 4. KD 20 received.	6

B. New member journey: Anonymous Applicant (values from the review screen)

Item	Value	Slide
Name	**Anonymous Applicant** (the prototype's sample name is not used)	-
Applied / grade	Applied 28 Aug 2026 - AMIE	12
Discipline / Employer / Designation	Mechanical / HEISCO / Project Engineer	12
Experience / Qualification	7 years / B.E. Mechanical, 2018	12
Referred by	Engr. Tijo Thomas	12
Documents	Degree certificate, Passport, Civil ID, Photograph	12

If the client wants full anonymity, replace the employer and the referrer with "Employer A" and "Member B" in the demo data.

C. Guest journey: Anonymous Guest

Item	Value	Slide
Person	**Anonymous Guest**: no data	4
Programme (open to all)	59th Engineers' Day Celebration, 15 Sep, tag Open	7
Other programme items	Technical Seminar - AI-Based Facilities Management (Members), UTSAV 2026 - cultural night (Family), AMIE examination registration closes (Students)	7
Event schedule	18:30 Registration & refreshments - 19:00 Chairman's address - 19:30 Importance of Building Commissioning - 20:15 Awards, cultural items & dinner	4
Listings	AGMs, Meetings, Seminars, Engineers' Day, Family Day, Events, AMIE Exams, EC Meetings, Science Club, Ladies Wing, Archives	7

3. Journey 1: Existing member

Story. Eng. Karthikeyan Manickam opens the app for the first time, links his chapter record, RSVPs to Engineers' Day, renews his KD 20 subscription, and the Treasurer confirms it.

#	Screen	What to do and say	Sample data	Status
1	Sign in	Open the app. "You sign in with Google or Apple." Tap Continue with Google.	-	UI. Real sign-in: needs backend
2	Find your member record	Type IEI0005 and 99840191. "The chapter matches you by Member ID and registered mobile, not by email." Green Matched box. Tap Continue to the app.	IEI0005, 99840191	UI. Real matching: needs backend
3	Home	Show the header (MIE, 15 years, 4 events), the dues band, and the next event.	KD 20, 59th Engineers' Day	UI
4	Notifications	Tap the bell. Show the list of notices.	-	UI
5	Events: RSVP	Tap RSVP, choose +1 for family, tap RSVP to Engineers' Day.	+1	UI. Saving: needs backend
6	Card	Open the Card tab. "This is shown at the door." Point out QR, Member ID, IEI India number, grade, blood group.	IEI0005, M-1483721, MIE, O+	UI
7	Renew subscription	Tap Renew. Choose Bank transfer. Attach the receipt. Tap Submit for confirmation.	KD 20	UI. Upload: needs backend
8	With the treasurer	Status shows Awaiting confirmation. "Nothing is paid in the app. There is no payment gateway."	3 Sep 2026, 21:14	UI
9	Treasurer: EC tools	Switch to the Treasurer (Engr. Sudhir Shyam Menghani): Me, Switch to EC tools, Receipts to confirm, Confirm. "Only the Treasurer can confirm a receipt."	Receipt book no. 480, Book 4	UI list. Entering the receipt number: CLARIFICATION NEEDED. Confirming: needs backend
10	Member sees the result	Back on the member's phone: notice "Receipt confirmed" and the dues band disappears.	Receipt no. 480, Book 4	Needs backend
11	Door check-in (optional)	At the event the volunteer scans the card. A green box shows checked in, seats and time.	-	UI. Real scan, offline: needs backend and a development build

4. Journey 2: New member application

Story. An engineer who is not a member yet taps Apply for membership. The General Secretary reviews the application, the Chairman approves it, and it goes on to IEI Kolkata. The person in this journey is the **Anonymous Applicant**.

#	Screen	What to do and say	Sample data	Status
1	Sign in	Tap "Not a member yet? Apply for membership". (The Programme screen also has an "Apply for membership - open to engineers in Kuwait" bar.)	-	UI
2	Application form	**Not shown in the prototype.** Do not show a form. Say: "The reviewer sees these details." and go to step 5.	-	CLARIFICATION NEEDED: form fields
3	Documents	The reviewer sees four documents: Degree certificate, Passport, Civil ID, Photograph.	4 documents	CLARIFICATION NEEDED: upload screen
4	Application sent	Not shown in the prototype.	-	CLARIFICATION NEEDED
5	EC home (General Secretary)	Sign in as the General Secretary: Me, Switch to EC tools. Show the To review count and "Applications awaiting review" with the applicant marked New.	Applied 28 Aug 2026, AMIE	UI
6	Review application	Open the application. Show Discipline, Employer, Designation, Experience, Qualification, Referred by, and the documents. Read: "You are reviewing as General Secretary. Approving forwards this to the Chairman for final approval, then to IEI Kolkata."	Mechanical, HEISCO, Project Engineer, 7 years, B.E. Mechanical 2018	UI
7	Query or Recommend	Two buttons: Query (ask a question) and Recommend to Chairman.	-	UI. Actions: need backend
8	Chairman: final approval	No separate screen in the prototype. Describe it in words only.	-	CLARIFICATION NEEDED
9	IEI Kolkata	Happens outside the app. Whether the app tracks it is not stated.	-	CLARIFICATION NEEDED
10	Becomes a member	How the new member gets a Member ID and links the account is not shown.	-	CLARIFICATION NEEDED

5. Journey 3: Guest

Story. A visitor opens the app without joining. They browse the programme, look at an open event, and see how to apply. The person in this journey is the **Anonymous Guest**.

#	Screen	What to do and say	Sample data	Status
1	Sign in	Tap Browse as a guest. "No account is needed to look around."	-	UI
2	Programme	Events tab: the upcoming list. Point at the tags Open, Members, Family and Students. "Guests can RSVP only to events tagged Open."	Open: 59th Engineers' Day	UI
3	Event detail	Open the 59th Engineers' Day. Show Open to all, the evening schedule and who is going.	18:30 to 20:15 schedule	UI
4	RSVP	Choose Just me or +1 and tap RSVP. How a guest with no identity is recorded is not stated.	-	UI. Saving: needs backend. Guest identity: CLARIFICATION NEEDED
5	Events and activities	Show the 11 listings, then Technical seminars (the archive).	11 listings	UI
6	Apply for membership	Tap the Apply for membership bar and go on to Journey 2.	-	UI
7	What a guest cannot do	The prototype only lists what guests can do: browse events, RSVP to open ones, and start an application. Do not claim more.	-	CLARIFICATION NEEDED: limits for Card, Community, Jobs, Gallery

6. What is real and what is a prototype today

Part	In the demo today
Screens, navigation, colors, fonts	Built in the mobile app, following the client's screenshots.
Google and Apple sign-in	Button only. Real sign-in needs the backend and a development build, not Expo Go.
Member matching (Matched box)	Static screen. The server must look up Member ID and mobile.
Receipt upload, Treasurer confirm, notices	Screens only. Needs the backend, file storage and notifications.
QR scan at the door, offline	Screen only. Needs the camera, backend and a development build.
Data	Sample values from the prototype, labelled DEV DATA. Real data comes from the chapter office spreadsheet later.

7. Questions this demo raises for the client

#	Question	Journey
1	What fields and documents are in the membership application form, and what does the applicant see after sending it?	2
2	Does the Chairman have a separate approval screen? Does the app track the IEI Kolkata step?	2
3	After approval, how does the new member get a Member ID and link their account?	2
4	How is a guest recorded when they RSVP to an open event (name, phone)?	3
5	What can a guest not see or do beyond the three things in the prototype?	3
6	Where does the Treasurer type the receipt book number, and can a receipt be rejected?	1
7	What happens for cash payment at the KSE office: how is it confirmed?	1
8	Can the app show the Matched box and sign in with Google or Apple together with Member ID and mobile, or Member ID and mobile only?	1
9	Which EC positions may approve gallery photos and job postings, and see renewal risk?	all
10	Is a website wanted? The prototype shows only the mobile app.	all

Presenter checklist

Do	Do not
Say "this is the prototype with sample data".	Do not say the backend, real sign-in or real payments already work.
Use only the sample values in section 2.	Do not invent a name, phone number, email or amount for the two anonymous users.
Mark unclear steps as questions for the committee.	Do not show screens that are not in the client prototype (application form, receipt number entry, Chairman approval).
Test the whole story once on an Android phone and an iPhone before the meeting.	Do not demo real sign-in in Expo Go.
